Finance Wikipedia

Finance is a field that is concerned with the allocation of assets and liabilities over space and time often under conditions of risk or uncertainty. Finance can also be defined as the art of money management. Participants in the market aim to price assets based on their risk level, fundamental value, and their expected rate of return. Finance can be split into three sub-categories: public,

The Math Forum National Council of Teachers of Mathematics

Economic bubble Wikipedia

An economic bubble or asset bubble, sometimes also referred to as a speculative bubble, a market bubble, a price bubble, a financial bubble, a speculative mania, or a balloon, is trade in an asset at a price or price range that strongly exceeds the asset's intrinsic value. It could also be described as a situation in which asset prices appear to be based on implausible or inconsistent views.
