AMA Manual of Style A Guide for Authors and Editors AMA

The world of medical publishing has rapidly modernized and the intersection of research and publishing has become ever more complex. The 10th edition of the AMA Manual of Style brings this definitive manual into the 21st century with a broadened international perspective and expanded electronic guidelines. Ethical and legal issues receive increased attention with detailed guidelines on

Style guide Wikipedia

A style guide or manual of style is a set of standards for the writing and design of documents either for general use or for a specific publication organization or field. It is often called a style sheet though that term has other meanings. A style guide establishes and enforces style to improve communication. To do that it ensures consistency within a document and across multiple
